

48th EPS Conference on Plasma Physics

Friday, 1 July 2022

Fri - Plenary Session (09:00 - 10:10)

-Conveners: livia lancia

time	[id] title	presenter
09:00	[242] Measuring the H-He properties under Jupiter interior conditions: challenge, approach, data and implications	Dr BRYGOO, Stephanie
09:35	[21] Learning Exchange-Correlation Functionals from Nature	VINKO, Sam

Fri - Plenary Session (17:00 - 18:10)

-Conveners: Egbert Westerhof

time	[id] title	presenter
17:00	[14] Linear plasma devices as tools to study plasma surface interactions and divertor physics	MORGAN, Thomas
17:35	[588] Progress in Direct Drive Inertial Confinement Fusion: Conventional and Shock Ignition	BETTI, R.
